

Francis Philip Dotarte Manlapaz

WEB DEVELOPER / QA TESTER / SEO SPECIALIST

Mandaluyong | manlapaz.francis11@gmail.com | 0995.791.0110 | linkedin.com/in/francis-manlapaz

PROFESSIONAL SUMMARY

Multi-disciplinary technical professional with a powerful blend of experience across Web Development, Quality Assurance (QA) Testing, and SEO Onboarding. Proven track record of managing end-to-end technical deployments, from configuring complex CMS environments (WordPress, Shopify, Webflow) to acting as a rigorous QA gatekeeper for technical data and automated AI outputs. Combines an analytical mindset for troubleshooting technical edge-case issues with a deep understanding of site architecture, keyword strategies, and code functionality. A collaborative project manager and enthusiastic continuous learner dedicated to building, testing, and optimizing high-performing, search-optimized web applications.

CAREER HIGHLIGHTS

- The Triple-Threat Skillset: Hands-on professional experience combining Web Development, QA Testing, and Technical SEO to build, test, and optimize digital platforms.
- Technical QA & Deployment: Proven track record of auditing data accuracy and quality-checking automated outputs across major CMS platforms (WordPress, Shopify, Webflow).
- Cross-Functional Teamwork: Highly adaptable collaborator who works seamlessly with supervisors and cross-functional teams to launch projects and streamline workflows.
- Diverse Industry Background: Well-rounded professional foundation built across digital marketing, technical web environments, and fast-paced retail sectors.

WORK EXPERIENCE

Enshored Inc. , SEO Onboarding Specialist | January 2026 - Present

- Managing the end-to-end setup of new client accounts, accurately inputting intake data, and ensuring all initial SEO settings and configurations are fully functional.
